New Delhi, the 31st January 1967/11th Mag 1888 (Saka)

**S.O. 469.**—In pursuance of sub-regulations (2) and (3) of regulation 3 of the Indian Standards Institution (Certification Marks) Regulations, 1955, the Indian Standards Institution hereby notifies that the Indian Standard(s), particulars of which are given in the Schedule hereto annexed, have been established during the period 1 to 31 January 1967.

### THE SCHEDULE

Sl. No.	No. and Title of the Indian Standard Established	No. and Title of the Indian Standard or Standards, if any, superseded by the new Indian Standard	Brief Particulars
(1)	(2)	(3)	(4)
1	IS:632-1966 Specification for BHC emulsifiable concentrates ( <i>second revision</i> )	IS:632-1958 Specification for BHC emulsifiable concentrates ( <i>revised</i> )	This standard prescribes the requirements and the methods of test for BHC (benzene hexachloride) emulsifiable concentrates. (Price Rs. 5.00)
2	IS:713-1966 Specification for zinc base alloy ingots for die casting ( <i>first revision</i> )	IS:713-1955 Specification for high purity zinc and base alloy ingots for die casting.	This standard covers the requirements for two grades of zinc base alloy ingots for die casting. (Price Re. 1.00)
3	IS:916-1966 Specification for 18-litre square tins ( <i>revised</i> )	IS:916-1958 Specification for 18-litre square tins	This standard prescribes the requirements and the methods of sampling and test for 18-litre square tins manufactured from tinplate. (Price Rs. 2.00)
4	IS:925-1966 Specification for pocket knives ( <i>revised</i> )	IS:925-1958 Specification for pocket knives	This standard covers the requirements for pocket knives (Price Rs. 2.00)
5	IS:996-1964 Specification for single-phase small AC and universal electric motors ( <i>revised</i> )	IS:996-1959 Specification for small AC and universal electric motors with class 'A' insulation	This standard covers general purpose small single phase motors of the capacitor, split phase, shaded pole and universal types, having out-puts up to and including 1 500 W and having windings with class A, class E or class B insulation (Price Rs. 4.50)
6	IS:1060 (Part I)-1966 Methods of sampling and test for paper and allied products; Part I ( <i>revised</i> )	IS:1060 (Part I) 1956 Methods of sampling and test for paper and allied products; Part I and IS:1060 (Part II)-1960 Methods of sampling and test for paper and allied products; Part II	This standard prescribes the methods of sampling and test, which are common to several detailed Indian Standard Specifications for paper and allied products (Price Rs. 6.00)

| 7  | IS : 1090-1965 Specification for compressed hydrogen ( <i>revised</i> )  | IS : 1090-1959 Specification for compressed hydrogen   | This standard prescribes the requirements and the methods of sampling and test for compressed hydrogen (Price Rs. 4.50)  |
| 8  | IS : 1150-1966 Trade names and abbreviated symbols for timber species ( <i>first revision</i> )                                | IS : 1150-1957 Abbreviated symbols for timber species  | This standard covers trade names and abbreviated symbols for different timbers commonly used in this country (Price Rs. 2.50)  |
| 9  | IS : 1357-1966 Specification for printing metal ( <i>revised</i> )   | IS : 1357-1959 Specification for printing metal  | This standard covers the requirements for the following types of printing metal :<br>(a) Linotype/inter type metal,<br>(b) Monotype metal,<br>(c) Stereo metal, and<br>(d) Electro-backing metal<br>(Price Re. 1.00.)  |
| 10 | IS : 1441-1966 Specification for insulator stalks for telegraph and telephone lines ( <i>first revision</i> )                  | IS : 1441-1960 Specification for insulator stalks for telegraph and telephone lines                              | This standard covers the requirements and tests for the following types of insulator stalks intended for use on telegraph and telephone lines :<br>Stalk, telegraph<br>Stalk, telephone<br>Stalk, swan neck, long<br>Stalk, swan neck, short 'J'-Stalk<br>Bracket attachment terminal, single<br>Bracket attachment terminal, double<br>(Price Rs. 4.50) |
| 11 | IS : 1445-1966 Specification for porcelain insulators for overhead power lines (below 1000 volts) ( <i>revised</i> )           | IS : 1445-1959 Specification for porcelain insulators for overhead lines with a nominal voltage below 1000 volts | This standard applies to the porcelain insulators for overhead power lines with a nominal voltage below 1000 volts. Both pin and shackle type insulators are covered (Price Rs. 4.50)  |
| 12 | IS : 1885 (Part III/Sec I)-1965 Electrotechnical vocabulary Part III Acoustics Section I physical acoustics                    | ..   | This standard covers terms relating to physical acoustics. (Price Rs. 5.50).   |
| 13 | IS : 1918-1966 Methods of physical tests for foundry sands   | ..   | This standard prescribes the methods of tests for foundry sands to evaluate their properties under standard conditions (Price Rs. 5.50)  |
| 14 | IS : 2347-1966 Specification for domestic pressure cookers ( <i>revised</i> )  | IS : 2347-1963 Specification for domestic pressure cookers   | This standard covers the requirements for domestic pressure cookers (Price Rs. 2.00)   |
| 15 | IS : 2395 (Part I)-1966 Code of practice for painting concrete, masonry and plaster surfaces Part I operations and workmanship | ..   | This standard deals with the preparatory treatment and painting operations of calcareous surfaces, such as concrete, masonry and plaster surfaces in building work (Price Rs. 4.50)  |
| 16 | IS : 3106-1966 Code of practice for selection, installation and maintenance of fuses (voltage not exceeding 650 volts)         | ..   | This code covers selection, installation and maintenance of rewirable type and cartridge type fuses for voltages not exceeding 650 volts (Price Rs. 5.50)  |

(1)	(2)	(3)	(4)
17	IS : 3138-1966 Specification for hexagonal bolts and nuts (M42 to M150)	..	This standard covers the requirements of hexagonal bolts and nuts of thread diameters 42 to 150 mm (Price Re. 1.00)
18	IS : 3346-1966 Method for the determination of thermal conductivity of thermal insulation materials (two slab, guarded hot-plate method)	..	This standard prescribes the general procedures for determining the thermal conductivity of thermal insulation materials. (Price Rs. 4.50)
19	IS:3419-1965 Specification for fittings for rigid non-metallic conduits	..	This standard specifies the material, dimensions and other requirements of non-metallic fittings for use with non-metallic conduits for electrical installations conforming to IS : 2509-1963, and suitable for working temperatures between $-5^{\circ}\text{C}$ and $+60^{\circ}\text{C}$ . (Price Rs. 5.00)
20	IS: 3434-1965 Glossary of terms for adhesives and pressure sensitive adhesive tapes	..	This standard defines the terms commonly used in adhesive and pressure sensitive adhesive tape industry (Price Rs. 3.50)
21	IS : 3521-1965 Specification for lineman's leather safety belt and strap	..	This standard prescribes the requirements for lineman's safety belt and strap made of leather which is intended for use by employees working on overhead power transmission and distribution lines. (Price Rs. 4.50)
22	IS: 3524-1966 Specification for threaded taper pins	..	This standard specifies the requirements for threaded taper pins with external and internal threads in the size range 6 to 50 mm. (Price Rs. 1.50)
23	IS : 3621-1966 Specification for domestic refrigerators (absorption type)	..	This standard covers the general constructional requirements and methods of testing and rating of absorption type domestic refrigerators having a net volume up to and including 350 litres. (Price Rs. 3.50).
24	IS : 3643-1966 Specification for dissecting forceps (serrated and toothed)	..	This Standard specifies the requirements of dissecting forceps with serrated and too thed tips, manufactured from strip or by forging (Price Rs. 2.00)
25	IS:3644-1966 Specification for artery forceps (Halsted's mosquito pattern)	..	This Standard specifies the requirements for Halsted's Mosquito artery forceps (Price Rs. 1.50)
26	IS : 3652-1966 Specification for foot sprayer	..	This standard prescribes the materials of construction, performance requirements, and the methods of testing the performance of foot sprayers, used for spraying pesticides. (Price Rs. 3.00)

**AWARD**

By Notification No. 22/35/64-LR-II dated 12th October, 1964 the following matters of dispute as stated in the Schedule to the order of reference were referred to Central Government Industrial Tribunal, Bombay, from where by Notification No. 26/11/66-LRI dated 26th September, 1966, the case was transferred to this Tribunal:

**SCHEDULE**

- (1) Whether the management was justified in retrenching Shri Jogeshwar son of Biru and Shrimati Bisanian wife of Mathuria, with effect from 16th August, 1964?
- (2) If not, to what relief are the workmen entitled?

The parties had filed their written statements before the Bombay Tribunal. Rejoinders could not be filed there and they had been taking time to file the rejoinders for which a last opportunity was allowed to them on 2nd January, 1967. They have, however, settled the dispute and have filed a compromise petition, terms of which are reproduced in the annexure. The compromise petition has been duly verified before me. The dispute relates to the retrenchment of two workmen stated in the order of reference. The management has agreed to re-employ them and has further agreed to pay certain amount as compensation. The settlement, therefore, is obviously for the benefit of the workmen concerned. It is, therefore, accepted and an award is recorded in terms of compromise settlement.

- (3) Whether the action of the management in stopping the workmen referred to in item (1) and (2) or any of them from work is justified. If not, to what relief are they or any of them entitled?

The case remained pending before the said Tribunal from 17th November 1964 to 19th October 1966 whereafter by Notification No. 26/11/66-LRI dated 26th September 1966 the case was transferred to this Tribunal.

The parties had filed their statement of claims before the Bombay Tribunal. Rejoinders, however, could not be filed there and the parties were directed to file the rejoinders before this Tribunal. Before they could do so better sense prevailed and they have settled the dispute by filing a compromise petition, terms of which are produced in the annexure. The compromise has been verified before me. The dispute relates to 49 workmen, 4 of whom are covered under Issue No. 1 and the remaining 45 under Issue No. 2. It was admitted that none of them have put in more than one year service. The management has agreed to pay them certain compensation as stated in the compromise settlement and the Union has accepted the offer and has not pressed for re-instatement of any of the workmen. The compromise is a fair and just settlement of the disputes conducive to industrial peace and harmony. It has, therefore, been accepted and an award is recorded in terms of compromise settlement.

**AWARD**

By Notification No. 22/6/64-LR. II dated 19th March, 1964 the following matter of dispute as stated in the Schedule to the order of reference was referred to Central Industrial Tribunal, Bombay, from where the case was subsequently transferred to this Tribunal by Notification No. 26/11/66-LRI dated 28th September, 1966.

**SCHEDULE**

“Whether Shrimati Parbatiya, daughter of Shri Bideshia, and Shrimati Durgatiya, wife of Shri Jogeshwar, have been wrongfully stopped from work with effect from the 22nd June, 1963 and the 27th April, 1963 respectively? If so to what relief are they entitled?”

The workmen had not even filed written statement before the Bombay Tribunal. The parties had been taking time to settle the dispute which was allowed and a final opportunity was given to the parties on 2nd January, 1967 on the specific condition that failing settlement the workmen should file their written statement serving a copy on the employers and rejoinders have also to be filed. On better sense prevailing, the parties have, however, settled the dispute by filing a compromise petition. The compromise petition has been duly verified before me, terms of which are reproduced in the annexure.

The dispute relates to non-employment of two workmen. The employers have agreed to pay certain sum stated in the compromise petition by way of compensation and the Union has agreed not to press the claim for re-instatement. The compromise is a fair and just settlement of the dispute and an award is therefore, recorded in terms of compromise settlement.

In the matter of an Industrial Dispute between the Employers in relation to M/s. Nemi Chand Jain and Company, Contractor, Dalli Manual Mines of Bhilai Steel Plant and their workmen.

**APPEARANCES:**

*For the employers.*—Sri Nemi Chand, Contractor, Dalli Mines, Dalli Rajhara (M.P.).

*For the workmen.*—Sri P. K. Thakur, Vice President & Sri H. Ghosh, Secretary, Samyukta Khadan Mazdoor Sangh.

**INDUSTRY.**—Dalli Mines.

**DISTRICT.**—Jurg.

**AWARD**

By notification No. 37/22/65-LRI. dated 21st May, 1965 the following matter of disputes as stated in Schedule to the order of reference was referred to the Central Industrial Tribunal, Bombay, for adjudication from where it was subsequently transferred to this Tribunal vide Notification No. 26/11/66-LRI, dated 26th September, 1966:

**SCHEDULE**

- (1) Whether the piece rate wage for raising from ore given by the employer to the raising workers is adequate to enable them to earn

- the minimum wage of Rs. 2.50 per day as recommended by the Wage Board for Iron Ore Mining as interim relief? If not, to what relief are the workers entitled?
- (2) Whether the workmen are entitled to payment of one month's wages as bonus. If so, to what relief are they entitled?
  - (3) Whether the workmen are entitled to be paid twice the rate of normal wages in addition to the payment for holiday for work done by them on the 2nd October, 1964?
  - (4) Whether the retrenchment effected by the employer with effect from the 1st May, 1965, was justified. If not, to what relief are they entitled?
  - (5) Whether the employer was justified in withdrawing tools from the workmen on Saturdays and giving them half attendance for those days thereby causing loss in their earnings. If not, to what relief are the workmen entitled?

The case remained pending before the Central Industrial Tribunal, Bombay from 26th May, 1965 till the case was received in this Tribunal on 19th October, 1966.

The workmen's written statement and the employer's written statement-cum-rejoinders were filed before the said Bombay Tribunal. The workmen filed their rejoinders before this Tribunal on 16th December, 1966 and 13th January, 1967 was fixed for hearing in the case. But before hearing could proceed good sense prevailed and the parties compromised the dispute by means of a compromise petition which has been filed and verified before me, terms of which are given in the annexure to this award. As many as five issues are involved in dispute as stated in the Schedule to the order of reference referred to above.

The employers have agreed to pay Rs. 0.10 P. per day's attendance to every employee for the entire length of service. The Union will furnish a list of such workmen to the contractor within 7 days from the date of the enforcement of award and then the contractor shall make payment within 15 days after the award becomes enforceable. The employers have further agreed to pay Rs. 200 as costs to the Union. Issues No. 3 and 4 are not pressed by the Union. All the disputes are thus amicably settled between the parties. I, therefore, record my award in terms of compromise settlement.

Employers in relation to the Orient Colliery, P.O. Brajrajnagar, Dist. Sambalpur,

AND

Their workmen.

**PRESENT:**

Shri S. K. Sen, Presiding Officer.

**APPEARANCES:**

On behalf of employers—Shri K. P. Mukherjee.

On behalf of workmen—Shri B. K. Chakravorty.

**STATE:** Orissa.

**INDUSTRY:** Coal Mines.

**AWARD**

By Order No. 6/44/65-LR.II, dated 2nd June, 1965, the Central Government referred for adjudication an industrial dispute between the employers in relation to the Orient Colliery, P.O. Brajrajnagar, Dist. Sambalpur, and their workmen in respect of the matter specified in the following schedule:

“Whether Shri Tikelal, Guest House Mazdoor voluntarily resigned his job on 5th February, 1965. If not, whether the termination of his services with effect from the 11th March, 1965, is proper and justified and, if not, to what relief is he entitled?”

2. Tikelal was a guest house mazdoor employed in 1961. He used to clean the furniture and it was his duty to prepare meals and wait upon guests when there were guests at the guest house. On his application for leave the management allowed him leave from 5th February 1965 to 10th March, 1965. According to the case of the management, on 5th February, 1965, after Tikelal had obtained a verbal order from the manager granting him leave from that day, he had a letter of resignation written out by a typist Shri Bechanram Chowrashia and he sent that letter to the manager on 5th February, 1965. The manager found the letter of resignation on his table and passed an order on 8th February, 1965, accepting the resignation with effect from 11th March, 1965, i.e. from after the expiry of the leave granted to Tikelal, which was the prayer of Tikelal in his letter of resignation.

3. Thereafter, however, Tikelal denied that he had voluntarily submitted a letter of resignation and his case was taken up by the newly constituted Sambalpur Coal Mines Sramik Congress which began working only in January, 1965, at the Orient colliery. There were conciliation proceedings held by the Conciliation Officer (C), Jharsaguda, but conciliation failed and accordingly the dispute is before the Tribunal.

4. The main point for decision is whether Tikelal, guest house mazdoor, had voluntarily submitted his letter of resignation on 5th February, 1965? Tikelal's own evidence before the Tribunal is that on 5th February, 1965, he did not submit any letter of resignation nor had he any talk with any officer of the company on that day; that he received Ext. 2, the management's letter, dated 8th February, 1965, accepting his resignation, and that before he received that letter, on 8th February, 1965, he went to the office and saw H. P. Gupta, Accounts Officer of the colliery and asked for his leave allowance; that H. P. Gupta asked him to put his signature on a blank sheet of paper, and when Tikelal objected H. P. Gupta told him that it was necessary for him to sign the charge report and that if he did not sign he would be charged with theft of guest house property and H. P. Gupta also slapped him when Tikelal persisted with his refusal, and ultimately he signed on a blanksheet of paper, and then H. P. Gupta called a clerk of the colliery named Chowrashia and had something written on the blanksheet of paper above his signature. Tikelal added that when he received the company's letter Ext. 2 accepting his resignation he went and saw the General Secretary of his union Jagjit Singh and had the letter read out to him and then on his behalf Jagjit Singh wrote out a letter of protest, dated 15th February, 1965, and Tikelal accompanied by Shri Devraj Patra, Jt. Secretary of the Union, went to see the manager with the letter dated 15th February, 1965 (Marked Ext. 4/1). But the manager gave him no relief. Shri Devraj Patra's evidence is that he spoke to the manager on behalf of Tikelal on that occasion but the manager Shri Chanda said that he was not prepared to discuss the matter with the union representative.

5. Shri S. R. Chanda who was then employed as manager of the Orient Colliery but who left the service in July, 1966, deposed as a witness for the management and denied that on 15th February, 1966, Tikelal with Devraj Patra came to see him and presented any letter like Ext. 4/1. He said that the first protest about the resignation being not voluntary was contained in the letter, dated 3rd March, 1965, received by registered post from Jagjit Singh, General Secretary of the Union, the original letter received by the management being Ext. F and the copy thereof filed on behalf of the workman being Ext. 3. In para 4 of that letter it is mentioned that Tikelal personally handed over a letter of protest to the manager earlier but that no decision had been communicated. Obviously the reference is to the letter Ext. 4/1 supposed to have been taken by Tikelal along with Devraj Patra to the Manager. I am however inclined to accept the evidence of Shri S. R. Chanda that he never received such a letter; there is considerable force in the argument of Shri K. P. Mukherjee, appearing on behalf of the management, that this letter Ext. 4/1 is subsequent fabrication. According to the evidence of both Tikelal and Devraj Patra the letter was written by hand by Jagjit Singh. A copy was made by carbon paper and the original was handed over to the Manager and the copy was retained in the union office. Ext. 4/1 is supposed to be the copy. But Ext. 4/1 is written in ink and not in carbon; on the reverse there is the mirror image of the words in carbon showing that a carbon paper was placed below this letter. Therefore the Ext. 4/1 must be the original, but the evidence of both the witnesses for the union that the copy was retained in the union office, and the endorsement on Ext. 4/1 to show that it is a copy, lend support to the contention of Shri K. P. Mukherjee that this letter was subsequently fabricated and was not written and handed over to the Manager on 15th February, 1965. It may have been fabricated on 3rd March, 1965 when the union took up the cause of Tikelal and sent the letter, Ext. F, by registered post to the manager.

6. This is a circumstance strongly against the case of the union and the workman concerned. Another circumstance is that Tikelal did not make out a consistent case as to how his signature appears in the letter of resignation, Ext. D/2, the body of which is admittedly in the hand writing of Chowrashia but which bears the admitted signature of Tikelal. In Ext. 4/1 which contains the earliest explanation, Tikelal stated that on 5th February, 1965, he was called by H. P. Gupta to his office and was asked to sign a blank paper saying that he was to give the charge of the guest house, and that at first he refused to sign but when Shri Gupta threatened him that he would be handed over to the police if he did not sign, he put his signature on the blank paper. Before the Conciliation Officer a different case was made out, as is apparent from Ext. B, the report of the Conciliation Officer marked on admission. Therein the version given is that on 5th February, 1965, H. P. Gupta, Accounts Officer, called Tikelal to his office and asked him to sign a paper on which something was written and Gupta told him that it was his charge report; that Tikelal was then in a drunken condition and signed the letter and subsequently when he received the manager's letter, dated 8th February, 1965, accepting his resignation he realised that what he had signed was his resignation letter. In his deposition before the tribunal of which the substance has already been given, Tikelal tried to reconcile the two different versions, but then he made an important point of departure stating that it was not on 5th February, 1965, but on 8th February, 1965, that his signature was taken first on a blank paper and then Chowrashia was called to write something in his presence on that piece of paper. In view of all these contradictions, the case of Tikelal that H. P. Gupta who fraudulently got him to sign a letter of resignation or converted a blank sheet of paper with Tikelal's signature into his letter of resignation cannot be accepted. As to the motive alleged to H. P. Gupta, Tikelal said before the tribunal that when the Shramik Congress was formed in January, 1965, he took a leading part in organising the union at Orient colliery, and that H. P. Gupta was in charge of the guest house and Accounts, told him that as a servant of the guest house where big officers of the Government and the Company used to come from time to time, he should not join the workmen's union. But Tikelal refused saying that he had a right to join the union, the suggestion being that out of that grudge H. P. Gupta wanted to get rid of Tikelal. But it appears from Ext. B that before the Conciliation Officer the case made out was that H. P. Gupta had grudge against Tikelal because he had asked Tikelal to work in his house as a domestic servant in his spare time and Tikelal had refused even though asked several times by H. P. Gupta. H. P. Gupta deposed as a witness for the management and denied that he had any grudge against Tikelal at all. Bechanram Chowrashia, witness No. 3 for the management, stated that when he was working in his office Tikelal appeared before him and asked him to write a letter of resignation, and that Chowrashia did so after protesting against Tikelal's submitting his resignation when had got leave. Witness No. 4 for the management is Gopal Bhagat who stated that on one day in February, 1965, Tikelal came and saw the manager in the morning at the manager's office and that subsequently when the manager had gone away to inspect the mines Tikelal came again and asked Gopal Bhagat to place a letter on the manager's table, and on questioning Tikelal about the contents of the letter he learnt that it was Tikelal's resignation letter. The evidence of these witnesses has been challenged by Shri B. K. Chakravorty appearing on behalf of the union as they are men still in the service of the management and amenable to influence. It is true that they are still employed by the management but their evidence was given in a straightforward manner, and their evidence therefore must be preferred to the evidence of Tikelal who even while deposing before the Tribunal made different statements on the same subject. For instance, about the date when he received the letter, Ext. 2, he said in the beginning that he received it on 8th February, 1965. Thereafter he stated that on 8th February, 1965, he saw H. P. Gupta at his office and then signed on the piece of blank paper on which Chowrashia wrote something and that he got the Ext. 2 about 15 days thereafter, which would make the date of receipt 23rd February, 1965. That would go to show that before 15th February, 1965, he could not have got intimation about his resignation being accepted. Thereafter Tikelal changed his version again and said that after being granted leave he went home on 9th February and after 3 or 4 days he came back to Brajrainagar for his leave pay and then at the office of the colliery he got the letter, Ext. 2. That would make the date of receipt of Ext. 2 by him as 13th February, 1965. He stated in cross examination that he got about a month's leave and spent that month at home. In that case the version given by him that he went and saw the General Secretary of the Union, Jagjit Singh at the union office on 15th February, 1965 and went with the letter drafted by Jagjit Singh to see the manager cannot be accepted, because his home is at Himgir which is at some distance from Brairainagar where the colliery is situated. In view of all the discrepancies I must hold that the evidence of Tikelal cannot be accepted unless it is corroborated in material particulars, and there

is no corroborative evidence at all to show that the letter of resignation was engineered by H. P. Gupta as alleged on behalf of the workman. Shri B. K. Chakravorty has referred to the fact that Ext. A, the leave application form which was filled up by Tikelal when he applied for his leave from 5th February to 10th March, 1965, contains an overwriting in respect of the date below the endorsement—by H. P. Gupta reading “may be given—H. P. Gupta”. It has been suggested by Shri Chakravorty that the date originally put was 8th February, 1965 and this had been changed to 5th February, 1965. H. P. Gupta questioned about it said that he could not read what date was originally put and that he had made a mistake in putting the date originally and he changed it into 5th. The leave pass is dated 8th February, 1965; the leave pass appears at the bottom of the form. But Tikelal's own evidence is that he obtained the leave on 5th February, 1965, from the manager and in the leave pass also the period of leave is recorded as from 5th February, 1965 to 10th March, 1965. Accordingly, no adverse inference can be drawn from the overwriting as to the date below the endorsement of H. P. Gupta on the application form, Ext. A. Shri Chakravorty has urged that when Tikelal had got leave from 5th February to 10th March, 1965, there could be no reason why he should also submit his letter of resignation on 5th February. There is however the evidence of Chowrashia, witness No. 3 for the management that when he questioned Tikelal about it Tikelal explained that his brother had left home and that there was nobody to look after the affairs of his home and so he did not want to continue in service and wanted to remain at home. If he had decided at the time to resign it was quite natural that he should first avail of the leave which was due to him. Shri Chakravorty has urged that if he had made up his mind to resign, there is no reason why after a week only, that is from 15th February, 1965, Tikelal should have been moving against the letter of resignation; he has also stressed the fact that since the departure of Tikelal, the Management has not appointed any substitute guest house mazdoor but is having the work carried out by deputing a workman from the colliery when necessary; and has argued that the Management considered the post superfluous and therefore decided to get rid of Tikelal somehow. But Tikelal had previously sought a transfer to the colliery proper, vide Ext. D, dated 7th September, 1964, and the Management could easily have kept the post unfilled after transferring Tikelal to the colliery, where vacancies must occur from time to time, the recourse to fabrication of a letter of resignation cannot conceivably be the means to be adopted for reducing the post. Moreover, I do not think that Tikelal's change of mind took place in a week's time. I have already held that the letter, Ext. 4/1, dated 15th February, 1965, cannot be accepted as genuine. The first protest against the letter of resignation must be deemed to be contained in the union's letter sent by registered post, Ext. 3 and dated 3rd March, 1965. It may be that after a few weeks at home and after settling his affairs Tikelal regretted having filed his letter of resignation and wanted to get rid of it by protesting against the letter of resignation. In view of the circumstances which have appeared from the evidence led before the tribunal, I must conclude that the resignation submitted by Tikelal was voluntary.

7. I therefore find that Shri Tikelal, guest house mazdoor, voluntarily resigned his job and therefore the termination of his services with effect from 11th March, 1965, is proper and justified and Tikelal is not entitled to any relief.

No order is made as to costs.
